MAINTAINING CONTROL OF THE TITLE I PROGRAM

Inventory and Disposal of Title I Equipment

It is imperative that the local education agency maintain title to and control of Title I funds, books, materials, equipment, and property. Materials of any kind purchased with Title I funds may be used only by Title I participants and under the direction of Title I paid staff. Each item purchased with Title I funds must be labeled "Property of _____ School District." The labels should not be either easily erased or removable.

The Title I statute clearly states that the LEA must have a method to track materials, equipment, and property purchased with Title I funds and located in the private school. The Title I program must be conducted in space used (at the time) exclusively for Title I instructional services and the control of federal funds and title to materials, equipment, and property purchased with Title I funds must be with the LEA. Title I equipment and materials may only be used by Title I eligible students and under the direction of Title I paid staff.

The Depreciation Schedule for Title I Equipment is to provide guidance to the user in updating the Title I Equipment Inventory and Disposal Record.
